

ACO. we care for water

ACO Group operates in more than 50 countries on 6 continents. To further strengthen our market presence, we are looking for a motivated and technically skilled professional to join our team as:

Engineering Consultant

Responsibilities:

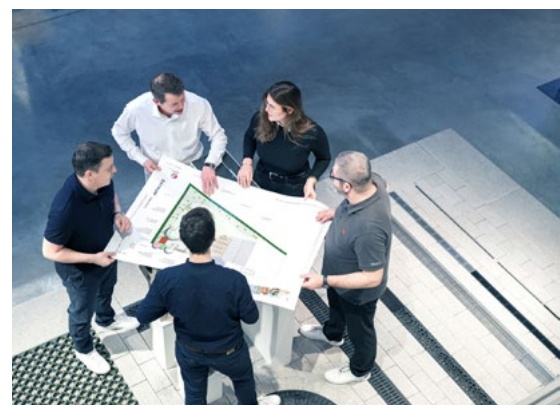

- Technical support to the Product Management and Sales team;
- Prepares technical drawings, product specifications and other documents;
- Recognizes project requirements and provides technical consulting;
- Actively supports project specifications and follow-up;
- Collects information for projects and specifications.

Requirements:

- Positive and proactive attitude, self-starter and responsible team-player;
- High level of communication and organizational skills;
- Computer Literacy – AutoCAD, MS Office;
- University Degree in Civil Engineering, Architecture or relevant subject;
- Good command of English; German will be considered an advantage.
- Previous experience on a similar position will be considered an advantage.

To find out whether ACO is a good match for you – and vice versa - please send your CV, motivation letter and a recent photo to careers@aco.bg.

ACO is a Water-Tech company that protects water. Building on our global drainage expertise that protects people from water, we increasingly see our mission as also protecting water from people.
